

## PURS COMPLIANCE STATEMENT

In 1999 the State of Oregon passed legislation mandating the reporting of pesticide use. Due to a number of issues at the State level, that system was delayed and will now be implemented in 2007. Any pesticides applied by commercial pest control operators are to be reported by the operator by the zip code in which they were used.

In compliance of this legislation, any materials applied by Sprague Pest Solutions at your location will be reported by us. You need not report any pesticide use at your site unless you or your employees are applying a pesticide and your business is intended to have public access (such as restaurants, stores, hotels etc.).

For more information, visit the Oregon Department of Agriculture website at [http://www.oregon.gov/ODA/PEST/purspresentation.shtml#Background\\_overview](http://www.oregon.gov/ODA/PEST/purspresentation.shtml#Background_overview)

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey Weier".
